

September 22, 1981

Khien Van Tran  
820 S. Nettleton  
Springfield, Missouri 65806

Dear Mr. Tran:

On Monday, September 21, 1981 the City's Water Pollution Control Section office received a complaint that you drained crank case oil from your car into the street. Personnel from this office observed the oily substance in the street.

Let me advise you that the discharge of oil or petroleum products constitutes a violation of City, State and Federal Laws. This office maintains periodic surveillance throughout the corporate limits of the City and will watch this area closely.

Waste oil can be taken to most filling stations in the city for recycling. If you have any questions, please don't hesitate to call.

Yours truly,

Karen Chandler  
Water Pollution Control Inspector II  
Surveillance & Enforcement
